About Us :

Established in the year 2016, Visfortec was South Indias first manufacturing unit for bagasse tableware.

Our state of art manufacturing facility is located in Bangalore, India.

Our machines are all , ultrasonic automated machines that are designed for minimal human intervention.

Our focus is to provide high quality products for the food packaging industry that are made from sustainable raw materials and are 100% eco friendly.

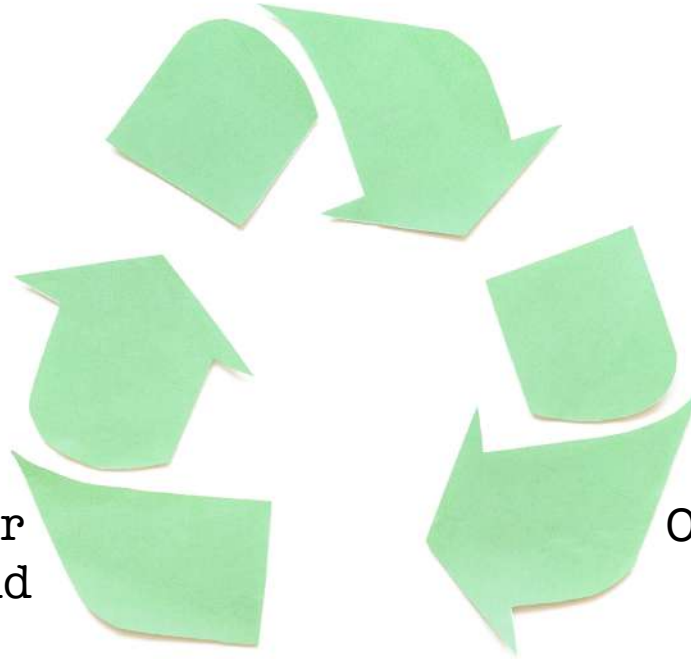

We cater to various industries including hotels, cafes, restaurants, hospitals, schools, caterers, airlines etc, within India as well as export to other countries including USA, UK, Australia, Canada, Sweden etc.

Our Brand, **earthware**[®] is a well known B2B as well as a B2C Brand.

Why choose earthware®?

Our cups are
100% Recyclabel
in existing
standard
recycling systems

Our cups can
completely be
repulped to form
non food moulded
fibre products.
